Transmittal No. 23-35

Ukraine – National Advanced Surface-to-Air Missile System (NASAMS)

WASHINGTON, May 24, 2023 - The State Department has made a determination approving a possible Foreign Military Sale to the Government of Ukraine of National Advanced Surface-to-Air Missile System (NASAMS) and related equipment for an estimated cost of \$285 million. The Defense Security Cooperation Agency delivered the required certification notifying Congress.

The Government of Ukraine has requested to buy the National Advanced Surface-to-Air Missile System (NASAMS), that includes: one (1) AN/MPQ-64F1 Sentinel Radar. Also included are a Fire Distribution Center (FDC); canister launchers, secure communications, GPS receivers, code loaders, and cable sets; tool kits; test equipment; support equipment; prime movers; generators; technical documentation; spare parts; U.S. Government and contractor technical support; and other related elements of logistics and program support. The total estimated cost is \$285 million.

This proposed sale will support the foreign policy goals and national security objectives of the United States by improving the security of a partner country that is a force for political stability and economic progress in Europe.

Ukraine has an urgent need to increase its capabilities to defend against Russian missile strikes and aircraft. Acquiring and effectively deploying this capability will enhance Ukraine's ability to defend its people and protect critical national infrastructure.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Raytheon Missiles and Defense, Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Ukraine.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

This notice of a potential sale is required by law. The description and dollar value are for the highest estimated quantity and dollar value based on initial requirements. Actual dollar value will be lower depending on final requirements, budget authority, and signed sales agreement(s), if and when concluded.

All questions regarding this proposed Foreign Military Sale should be directed to the State Department's Bureau of Political Military Affairs, Office of Congressional and Public Affairs, pm-cpa@state.gov.
